

OV Toros FC

Competitive Program Scholarship Application Form

OV Toros FC's goal is to grant scholarships to those players who would ordinarily not be able to participate in soccer, due to financial circumstances/hardships. When you request a scholarship that you do not need, it takes that opportunity away from another player who is in need of financial assistance, in order to participate.

Please provide complete answers, include the first page of your most recent tax return, sign the bottom of the application, & submit to the club at or prior to tryouts. If any information or documents are missing you will be asked to resubmit your application. ***All information provided will be kept confidential ***
